Saxophone Services

- Tuning Adjustment Specialist
- Neck Cork Replacement
- Leak Testing and Correction

A professional saxophonist, teacher, scholar and composer, Dr. James Noyes has been specializing in fine-tuning vintage and modern saxophones since 1998. He has improved the intonation on nearly every make, model and size of saxophone, especially B \flat and C sopranos. You can hear the results of his expertise on his 2012 solo release, *Imaginings*, which features six different instruments, all with extensive regulation and tuning adjustments to allow them to play up to modern tuning standards. Expert attention to detail – satisfaction guaranteed.
